Neubau collection

Singular finishes with polished effects, inspired by highly regarded materials such as corten steel, with the versatility and efficiency of the composite panel with exclusive STACBOND® technology.

Acabados singulares con efecto pulido e inspirados en materiales tan apreciados como el acero corten, con la versatilidad y la eficiencia del panel composite con tecnología exclusiva de STACBOND®.

Des finitions uniques à effet poli, inspirées de matériaux aussi appréciés que l'acier Corten, avec la polyvalence et l'efficacité du panneau composite à technologie exclusive STACBOND®.

The STACBOND® panel has an external 5005 and internal 3005/3105 aluminium alloy and is **coated with the highest quality paint** that offers the **highest resistance to ageing**.

The manufacture of STACBOND® composite panel follows a controlled process by way of **rigorous tests and quality controls**.

El panel STACBOND® posee una capa exterior de aluminio de aleación 5005 e interior 3005/3105 y está **lacado con pintura de la más alta calidad**, ofreciendo la **más elevada resistencia al envejecimiento**.

La fabricación del panel composite STACBOND® sigue un proceso controlado mediante **rigurosos ensayos y controles de calidad**.

Le panneau STACBOND® possède une couche en aluminium d'alliage 5000 en face extérieure et 3005/3105 en face intérieure, laqué avec une **peinture de la plus haute qualité**, offrant une résistance plus élevée face au vieillissement.

La fabrication du panneau composite STACBOND® répond à un processus de contrôle rigoureux validé par des **essais et des audits de qualités**.
